Mind that courses may have prerequisites, e.g. the course Comparative Legal History of the Euregion (MET3006) requires advanced (passive) knowledge of French and/or German and/or Dutch. You can find prerequisites in the course description on the website.

We advise students to choose two courses of 6 credits each or one course of 12 credits per period, with the exception of the third period where it's advisable to choose just one course. Mind, if you take an extra course, you will have to deal with a study load that is above average!

Bachelor's students can only take courses from the Bachelor's programme.

Master's students can choose freely from the Bachelor and Master courses. If they want to participate in master's courses proof of English language proficiency is required.
