

JOINT MASTER OF HEALTH PROFESSIONS EDUCATION (JMHPE)

Online education

Since 2005 Maastricht University (UM) and SHE jointly with Suez Canal University (SCU), Egypt are offering a joint programme in Health Professionals Education. The rationale behind this joint programme is to combine the academic UM experience with the practical SCU experience.

The programme is inspired by the Maastricht MHPE curriculum. Adapted and modified to fit the contextual learning needs. Our aim is to develop future leaders by increasing their competences in health professions education tailor to their relevant professional context.

Fast facts:

- A two-year distance-learning programme, which can be achieved in less, guided by the staff of both institutions.
- Curriculum has a 6 week unit structure.
- Upon completion of the programme, students receive a certificate from Suez Canal University, with recognition of UM contributions.
- **Date:** you can start the program 4 times per year.
- **Tuition fee:** €7800, to be paid in two instalments.

Objectives

The programme is focusing on the acquisition of knowledge and skills relevant to career development and research in health professions education. Graduates will be able to:

- Understand and critically evaluate the theoretical and empirical literature, in particular as it relates to education for the health professions.
- Design, plan and implement a relevant course for health professionals based on rational principles of learning and instruction.
- Design, plan and implement an adequate process evaluation and student assessment strategy.
- Show evidence of the ability to provide scientifically based advice and help to teachers, curriculum committees, or management of an educational institution, and of implementation skills.
- Show evidence of teaching skills.
- Gain basic research skills such as the formulation of a question of interest, the design of the study, collection of reliable and valid data, statistical analyses relevant to the data collected and writing a report on the findings.
- Develop vision, lead change, and manage information, time, crisis, and resolve conflicts.
