INVITATION
09.–14.
Sept. 2019
Corda Campus
Hasselt (B)

A Cross Border Networking Event

Euregio Summer School 2.0 Concept

The primary goal of the Euregio Summer School 2.0 is to open a **cross-border perspective** for students during an innovative **trinational** event format (BE, DE, NL) and be your gateway to regional SME's.

The Euregio Summer School is a **joint program** of the leading universities in the Euregio Meuse-Rhine and companies from the Euregio.

By making use of the benefits of digitalisation you will be working in **interdisciplinary & international** groups on **challenges** related to existing **mobility & accessibility** issues in the EMR. You will be in close touch to companies and work on practical issues.

Our common goals are smart solutions for the **well-being of all citizens** within the Euregio!

Face our **euregional challenges**. Your developed, reinforced and pitched output throughout one week could e.g. deliver practical solutions in the EMR to a wide audience of stakeholders and companies. Or be part of our **Social Media Team!**

We look forward to your visit!

Your HYPEREGIO-Team and Partners

A Cross
Border
Networking
Event

Euregio Summer School 2.0 Application

Benefits:

- Experience our unique interdisciplinary and intercultural approach with our pre-event seminars
- Improve your creative thinking skills towards innovation
- Expand your network through euregional collaboration and hone your skills
- Get to know the Euregio and beautiful cities of all regions
- ECTS awarding according to local university criteria
- Your gateway to get in touch with (eu)-regional companies and R&D highlights
- Prove yourself with a pitch to an eclectic audience

Registration:

You want to improve the Euregio and your euregional skills?

Then submit your application (short motivation letter, CV, transcript of records) until June 1st:

Veronique Eurlings

Veronique.eurlings@maastrichtuniversity.nl

Tel.: +32 43 3883031
