PRACTICAL INFORMATION

Contact

Questions or remarks regarding the Double Degree Programme with UCLouvain, can be directed to the Double Degree Team of SBE Maastricht via e-mail to doubledegree-sbe@maastrichtuniversity.nl.

Tuition fee and additional costs

Students have to be registered at UM for the entire duration of the study programme, so even while abroad at the host university. This implies that students selected in the Double Degree Programme pay tuition fee only at UM during the first year of the programme and pay tuition fee only at UCLouvain during the second year of the programme. Interested students should be aware that the tuition fees between the two institutions vary, so this has to be taken into account before applying to the programme.

Besides the tuition fees, students selected for the Double Degree Programme with UCLouvain will be charged an **administrative fee of € 250,00**. The Double Degree Team will provide students with an invoice including detailed payment information and a due date for the receipt of the administrative fee.

Cancellation: The administration fee of € 250,00 will not be refunded if a student cancels their allocation after confirmation. Only in case of severe personal circumstances, confirmed by a study advisor of SBE Maastricht, the administration fee can be refunded.

All other costs that come with participation (such as health insurance and visa application, travel and accommodation, study materials and potential fees at the partner school) and other personal costs have to be covered by the students.

Please note that you are not eligible for an Erasmus grant if you participate in a programme for which you have to pay a fee beyond the regular tuition fee, which is the case for our Double Degree Programmes as they come with an administrative fee.

It is your own responsibility to check with DUO whether you are entitled to retain your Dutch study grant, or "studiefinanciering", while abroad for the Double Degree programme.

Diploma

After successful completion of all the requirements of both the Double Degree Programme, students will be awarded the degree of Master of Science in Economics from SBE Maastricht and a Master in Economics, General, Professional focus from UCLouvain.

Additional internships/MSc exchange

Please note that SBE Maastricht does not approve an additional (extra-curricular) MSc exchange to students enrolled in a Double Degree programme after they have completed the full programme. Since the regular DD programme already takes 2 years, another extension of the programme is not allowed.

An additional internship is only possible with 100% study progress. For more information on internships, please check the requirements of the Internship Office in the Student Portal.

Disclaimer

Should Dutch government deem a country unsafe for travel (because of sanitary crises, riots or other reasons), UM students will not be allowed to physically go to their exchange destination in that country. This also applies to students in the Double Degree Programmes of SBE Maastricht. If that would happen, SBE Maastricht reserves the right to cancel the Double Degree programme for its students and will enable them to continue and graduate in the regular master programme.
