

Dear student,

Please find below the programme for the **Virtual Faculty Introduction Day** for **all master's programmes** of the Faculty of Health, Medicine and Life Sciences (FHML) on **Friday 28 August 2020**.

Time (CEST)	Activity
14.00-14.15	Walk-in session get set for the Virtual Faculty Introduction Day
14.15 - 15.45	Welcome & lecture all ears for programme director and get to know your fellow students
15.45-15.50	UM-sports get out of your chair for five minutes
15.50-17.20	Randwijck Campus Quest all the tools you need to kick start your academic year and a sneak peak of our campus (<i>optional for continuing FHML students</i>)
17.20-17.30	Award ceremony

During the lecture you will receive a lot of study specific information you need to know to start with your master's programme. The programme coordinator will introduce what you are going to do in the upcoming academic year and how you will work together. Most importantly, you will meet your fellow students and the teaching staff of the master's programme. Please note that this part of the **Virtual Faculty Introduction Day** is **mandatory for all students**, including continuing FHML bachelor's students.

For all **new/external students** (and optional for continuing FHML bachelor's students) the **rest of the programme is also mandatory**. The ins and outs of studying will be explained, like where you can find your timetable, who is your study advisor, what is the Student Portal and where can you find an overview of your credits and courses. You will also get to know the 'places to be' around the Faculty of Health, Medicine and Life Sciences. Our student ambassadors will guide you through the day and you can ask them any questions you might have.

You will receive a link to the live-stream in due time. Before the Virtual Faculty Introduction Day we will also send you a link to our online introduction platform, which will give you access to useful study-related information and information about the city of Maastricht.

Kind regards,
Team Events, Marketing and Communications department FHML
