Japanese company replaces office workers with artificial intelligence

Insurance firm Fukoku Mutual Life Insurance is making 34 employees redundant and replacing them with IBM's Watson Explorer AI

Fukoku Mutual Life Insurance believes it will increase productivity by 30% Photograph: Toru Hanai/REUTERS

A future in which human workers are replaced by machines is about to become a reality at an insurance firm in [Japan](#), where more than 30 employees are being laid off and replaced with an [artificial intelligence](#) system that can calculate payouts to policyholders.

Self-driving Uber kills Arizona woman in first fatal crash involving pedestrian

Tempe police said car was in autonomous mode at the time of the crash and that the vehicle hit a woman who later died at a hospital

▲ A car passes the location where a woman pedestrian was struck and killed by an Uber self-driving sport utility vehicle in Tempe, Arizona, on Monday. Photograph: Rick Scuteri/Reuters

An autonomous Uber car killed a woman in the street in [Arizona](#), police said, in what appears to be the first reported fatal crash involving a self-driving vehicle and a pedestrian in the US.

Tempe police said the self-driving car was in autonomous mode at the time of the

WOP at Maastricht University

- **One year Master in Maastricht**
- **Two-year International Joint Master of Research in Work and Organizational Psychology in Maastricht (NL), Lueneburg (D) and Valencia (ES)**

Set-up of the one year master W&O Psychology

- **1st. period (Sept – Oct)**
 - **Work Psychology 5 EC**
 - **Human Resources 5 EC**
- **2nd. period (Nov – Dec)**
 - **Organisation and cognition 5 EC**
 - **Human performance 5 EC**
- **3rd. period (Jan – July)**
 - **Professional skills 10 EC**
 - **Methods / research proposal 5 EC**
 - **Research project 17 EC**
 - **Master thesis 8 EC**

Example problem **Work Psychology**

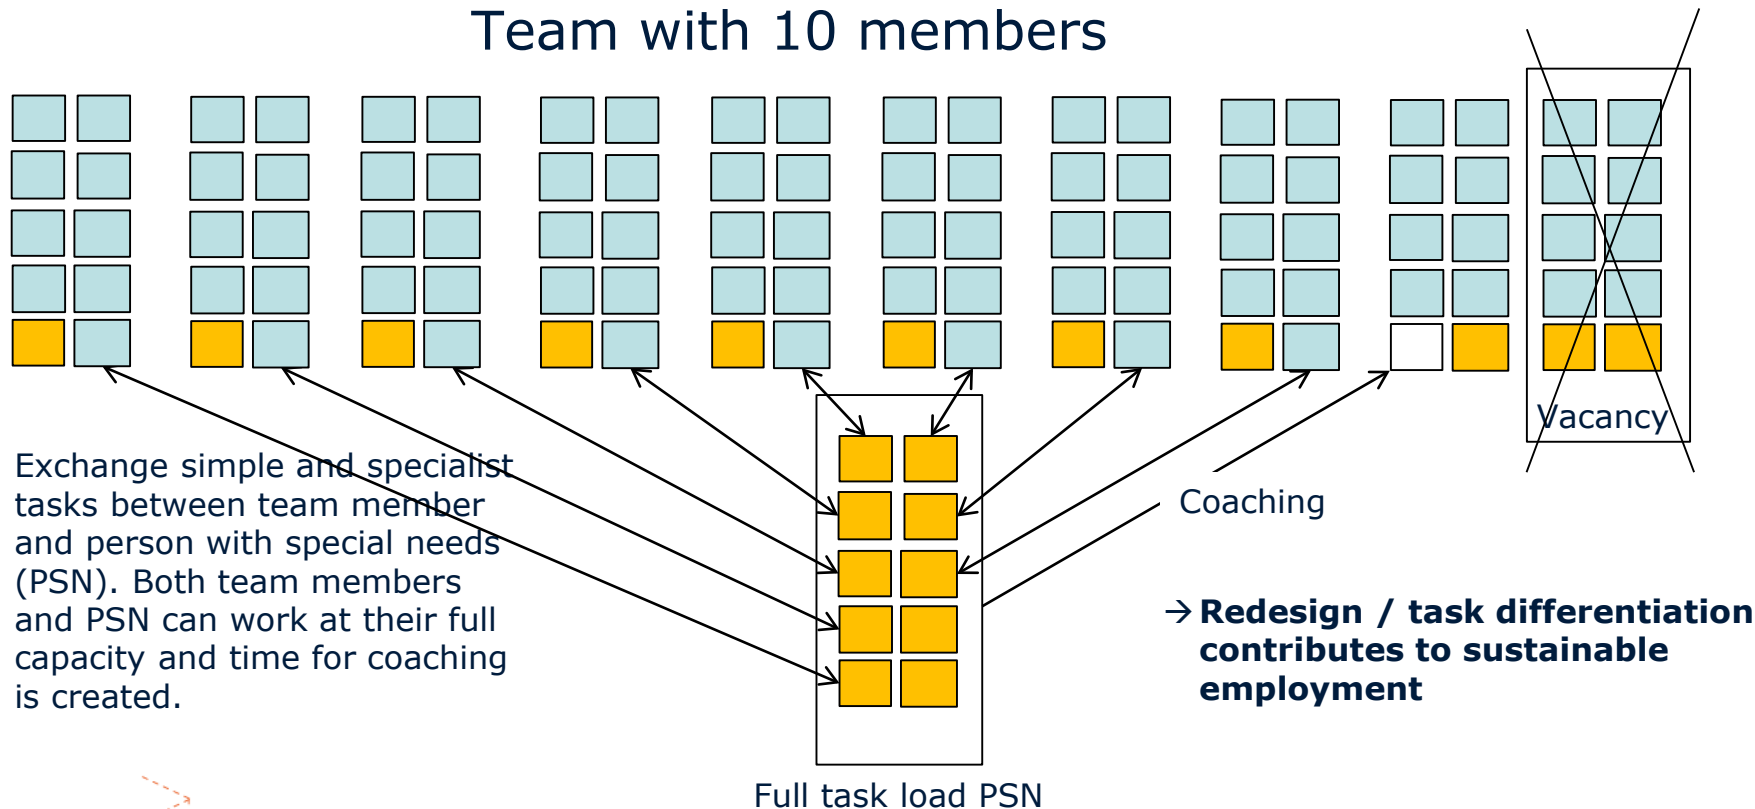

Imagine:

You have won the jackpot in the lottery (147 mln Euro).

Which of the following options would you choose, and why?

- **stop working**
- **look for a different job (what kind of job?)**
- **continue in my current job**

Fitting work to people: Inclusive work redesign

Topics from **Work Psychology**

Job and work design

Job attitudes

Organizational commitment

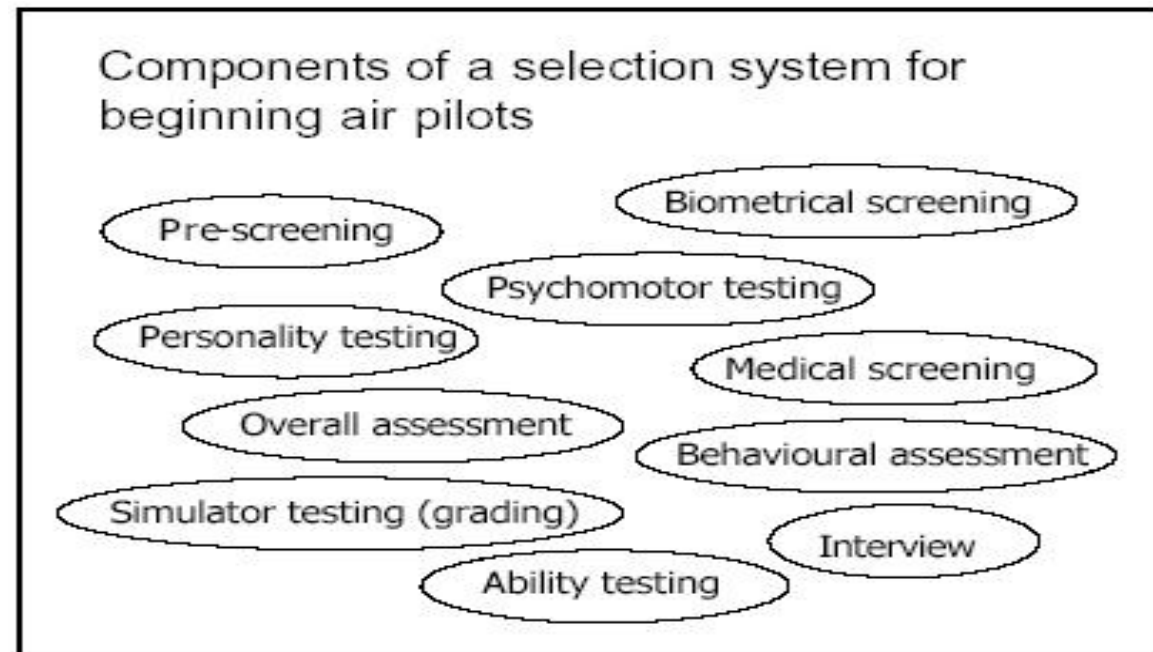

Work-life balance, recovery

Occupational health, stress, sustainable work

Task analysis

Example: **Human resources**

What is the best way to sequence these components in designing a selection system for pilots?

Topics **Human resources**

Recruitment

Selection

Training and development

Performance management

Career development

Talent management

Practical: What is it like being a work and organisational psychologist? (Structured job interviews)

Example: Organisation and Cognition

**Double degree w/ University of Sevilla:
bachelor psychology @ UM
1 year in Sevilla
master W&O psychology**

+

3 diplomas (BSc @ UM, MSC @ UM, MSc @ US)

The screenshot shows a web browser window displaying the Maastricht University website. The page is titled "Double Degree Master's programme FPN - Seville" and is part of the Faculty of Psychology and Neuroscience. The page includes a navigation menu, a search bar, and a sidebar with various links. The main content area features a description of the programme, a list of links for more information, and a table detailing the programme outline for Year 1 in Seville.

Double Degree Master's programme FPN - Seville

The Maastricht University Faculty of Psychology and Neuroscience offers FPN Bachelor's graduates the possibility to take part in a two-year Double Degree Master's programme in Work and Organisational Psychology (WOP) in collaboration with the University of Seville, Spain. Students will follow the one-year Master's WOP programme in Seville, prior to the one-year Master's WOP programme at FPN. After successful completion of both Master's programmes students will receive two official Master's WOP degrees, one from Seville and one from FPN.
