Overview of the day

Welcome at Maastricht University, the youngest and most international university in the Netherlands. Get ready for a unique experience! During the Bachelor's Open Day we want you to do more than simply learn about our different bachelor's programmes, we want to give you a taste of what it is like to study at Maastricht University and live in the city of Maastricht. Maastricht University's buildings are located on two campuses; the city centre and Randwyck. The programmes in this booklet are divided accordingly. The Bachelor's Open Day is organised in three rounds for greater flexibility. There will be a 30-minute break between the rounds.

round 1: 09.30 - 11.30

round 2: 12.00 - 14.00

round 3: 14.30 - 16.30

In short, you have the opportunity to learn about three different bachelor's programmes, go on guided tours and get general information about the university. Please bear in mind that it may take up to 30 minutes to travel between the various locations.

The icons below show how information is presented:

Presentation

Interactive session

Experience it yourself

Information session for parents

Information fairs

Presentation: Information on study programmes

During the different rounds you will receive information about the programmes and the Problem-Based Learning method.

Interactive session & **Experience it yourself**

You will be able to participate in forums, PBL sessions, watch demonstrations and take part in tours, for example through laboratories and practice rooms.

Information session for parents

We are offering special sessions for parents, where information is provided on costs, safety issues, accommodation etc.

Information fairs

There are a number of information fairs where you can get information about admission requirements (including the so-called 'matching' procedure for non-fixus programmes), enrolment, tuition fees, accommodation, student associations, study and sports facilities and for example the courses the University Language Centre offers.

The general information fairs are located here:

- in the city centre at the Student Services Centre ([Bonnefantenstraat 2](#));
- in Randwyck in the 'Trefcentrum' ([Universiteitssingel 40](#)).

Each faculty also has a smaller information fair where you can get more specific information about the bachelor's programmes of that faculty. Throughout the Bachelor's Open Day, students, staff members and alumni are available to answer your questions about our programmes, the university and Maastricht as a student city.

International fair

At the Student Services Centre you will find information for international visitors. Students of various nationalities are present to speak with you in your own language. If you did not make an appointment to meet with an international student, just drop by!

New application deadline!

Please note! As of academic year 2017/18, all Dutch universities will select their students for the programmes Economics and Business Economics, Medicine, International Business and Psychology themselves. The new application deadline is January 15, 2017! More information can be found on the information fairs.

Maastricht University and city tour

Guided tours are available at **11.30** and **14.00** (duration one hour), departing from the entrance of the Student Services Centre ([Bonnefantestraat 2](#)). These tours will pass along the university buildings and sights of Maastricht.

Tour University Sports Centre

This is the amazing indoor sports accommodation of Maastricht University. There will be guided tours to the sports centre at **11.30** and **14.00** (duration 30 minutes), departing from the UM Sports stand located at Student Life stands on the information fair in Randwyck.

Free bus service and parking

A free bus service, bus number **120 Maastricht University**, connects the university buildings and the free parking from **8.30** until **18.00** every 5-10 minutes and from **18.00** every 25-30 minutes. You can park your car for free in the parking lots on the Universiteitssingel (UNS). For additional parking in the city centre please check the Q-Park website: www.q-park.nl

Social Media

Via our various social media channels you can follow all activities during the Bachelor's Open Day. Follow #UMBOD16 to view messages, photos and films, posted by our social media reporters.

More in-depth information

Have you become enthusiastic about studying at Maastricht University and would you like to experience a study day of the programme of your choice? Then please sign up for an Experience day or Student-for-a-day at www.maastrichtuniversity.nl/meetum.

Talk2students

Need help with your application, housing, or student life in Maastricht? This international student team will help you to answer your questions.
