Double Degree programme International Business

Eligibility and admission requirements

Second-year SBE Bachelor students in International Business who have obtained 60 credits for the first year and who have a first-year average grade of 7.0 (first sit) or higher are eligible to apply for a SBE / UDD Double Degree programme. Eligible students participate in the regular Bachelor study abroad selection, organised by the International Relations Office (IRO). The selection procedure for studying abroad within a Double Degree exchange agreement takes place around October of each year; approximately one year before the Bachelor exchange period.

Additionally students should have a good knowledge of the Spanish language both oral and written or commit to learn the language and obtain a thorough knowledge prior to departure to Chile. UDD recommends students to have a level of B2 Spanish.

For information about the registration, application and confirmation procedure for the Double Degree programme (starting with a Bachelor exchange period in September of each year), please refer to the regular selection studying abroad procedure for the study abroad period 'Fall' (Study Abroad > Bachelor's Exchange > Before your Exchange (Information about Studying Abroad in Fall)). If you wish to apply for this Double Degree programme, you should simply opt for the Double Degree option at UDD (and -if desired- 5 different regular exchange destinations) on the application form. When applying for UDD there are two options: Exchange or Double Degree. Make sure to pick the right one!

Only a limited number of places are available. A maximum of 5 students will be offered a place in the SBE / UDD Double Degree programme International Business.
