Equivalent bachelor's degree

In order to determine if a bachelor's degree is equivalent to a Dutch University bachelor's degree, the Board of Admissions makes use of NUFFIC diploma recognition. NUFFIC issues recommendations on the value of higher or secondary education diplomas obtained outside the Netherlands. Where possible, the foreign diploma is compared to a Dutch diploma. As well as evaluating the diploma, NUFFIC is also able to determine whether a study programme or an educational institution is officially recognised. Bachelor's degrees that NUFFIC judges as non-equivalent to a Dutch university bachelor's degree will not be admitted.

If you are uncertain whether your bachelor's degree is equivalent to a Dutch university bachelor's degree you are strongly advised to submit a request via the [NUFFIC website](#) to have this checked prior to submitting your application.

The same holds for the combination of bachelor's degree in Psychology from a university of applied sciences (HBO) and a pre-master in Psychology. The bachelor's degree must be equivalent to a Dutch university of applied sciences (HBO) bachelor's degree according to NUFFIC.

Additional requirements

Academic background

The document '[Academic background form](#)' that needs to be filled in will be offered to you in the MyApplication portal under the task 'Prove your academic capabilities'. On this form, you have to provide details regarding the relevant courses, and the number of (ECTS) credits that you obtained per course.

- **27 ECTS in statistics and research methods on a research university level.** This can include courses on statistics, methods, psychometrics, data management, and research ethics, as well as practical experience in carrying out an empirical research project.
- **10 ECTS in academic writing (preferably in English) on a research university level.** This can include academic writing courses, as well as, academic writing assignments (e.g. bachelor theses), and systematic literature searches.
- **24 ECTS in theoretical courses and skills training covering general knowledge of psychology.** This can include courses, such as Introduction to Psychology, Social Psychology, Personality Psychology, Cognitive Neuroscience, Neuropsychology and/or Biopsychology, Clinical and Abnormal Psychology, Developmental Psychology, Communication skills, Intervention and/or rehabilitation, Psychodiagnostics, Decision making, and History of psychology.

If your university uses another system, we ask you to translate the number of obtained credits into the ECTS system (1 ECTS = 28 hours study load).

*Students with a bachelor's degree in Psychology from a Dutch university do **not** need to complete and upload the Academic background form.*

Language requirements for English-language master's programmes

As English is the language of instruction in this study programme, it is essential that your English language skills are good enough for you to undertake intensive and challenging academic courses that are taught and examined in English.

Answer the questions below to find out if you meet the language requirements.

Do you hold a bachelor's or master's degree in which English was the sole language of instruction?

YesNoUndo

Statistics

Statistics is a key issue in the master's in Psychology at Maastricht University and a good knowledge of statistics is essential.

The document '[Statistics and Methodology checklist](#)' that needs to be filled in will be offered to you in the MyApplication portal under the task 'Prove proficiency in statistics'. On this form, you have to indicate the topics you studied in your statistics and methods courses. Applicants must be familiar with the majority of topics mentioned in the checklist.

*Students with a bachelor's degree in Psychology from a Dutch university do **not** need to complete and upload the checklist.*

The topics below can be found in the following book: Andy Field, *Discovering Statistics Using IBM SPSS Statistics* (4th edition).

Applicants who received their previous education in a non-EU/EEA country (handling fee)

Applicants for this study programme who received their previous education in a non-EU/EEA country will have to pay a handling fee. More information on this handling fee and how to arrange this payment can be found on the [handling fee page](#).

Pre-master

In case you do not meet these requirements, you may be admissible to the 60 ECTS pre-master's in Psychology programme at FPN.
