

Academic year:

Record of

Continuing Professional Development (CPD)

You can use this form to make a note of the CPD activities you have undertaken as well as those that you wish to follow in the coming year. Bear in mind that CPD aims at further promoting the quality of UM education by providing you with more opportunities for developing and applying new knowledge and skills to your teaching tasks.

In planning what you want to do, you should reflect upon your development in any of the three teaching competences:

- (1) Developing education and assessment
- (2) Delivering education
- (3) Professional conduct

Voor meer informatie over CPD:

CPD undertaken

In the section below, please state briefly what CPD activity, or activities were completed in the last year. Comment on why these were chosen, how this has proved useful in your teaching and motivate whether you would recommend this activity to colleagues.

CPD planned

In the box below, briefly outline your plans for the year ahead. What CPD activities are you interested in pursuing, what will be learnt, how will this contribute to your teaching role and how will you apply this to the workplace?
